If the student's High School Diploma is in a foreign language it is the responsibility of the student to get the diploma translated into English by a school approved translator or has been performed by an outside agency that is qualified to translate documents into English and confirm the academic equivalence to a U.S. high school diploma. At the school's discretion, official transcripts may be requested and evaluated by the director prior to enrollment of the student. If the information cannot be adequately verified, the student will be required, at their expense, to take and pass a GED test prior to enrollment.

Any applicants that do not meet the above-mentioned requirements shall be denied admission. A letter explaining the reason(s) will be given to the applicant upon request and a copy kept on file at the school for at least one year.

Elite School of Cosmetology respects the students' right to privacy per FERPA (Family Educational Rights and Privacy Act) and will only release students' information with written permission from that student. School provides access to student and other school records to its accrediting agency.

COURSE NUMBERING SYSTEM

In addition to their names, each course has an identification number. The letters in front of each number represent the specialty they are related to, and the number represents the order in which they will be taught within that specialty, although they are no pre-requisites for any of the courses (meaning that the student must not have taken a previous course in order to benefit from another). The letters mean: AN for Advanced Nails Courses, AP for Anatomy Courses, AT for Advance Technique Courses, CH for Chemistry Courses, CS for Communication Skills Courses, ET for Tools Courses, HA for Hair Courses, HP for Health & Public Safety Courses, LR for Laws and Rules Courses, MA for Massage Courses, MN for Manicuring Courses, MU for Makeup Courses, SB for Sanitation/Bacteriology Courses, SC for Skin Courses, SO for Salon Operations Courses, and SP for Specialized Equipment/Treatment Courses.

LEAVE OF ABSENCE POLICY

A Leave of Absence (LOA) is a temporary interruption in the student's program of study. A LOA will be granted in the event of unforeseen circumstances in a student's life that present a temporary problem in their matriculation, but also where a reasonable expectation exists that the student can return fairly quickly and complete their respective program of study. Students are required to request LOAs in advance, which must be done in writing, include the reason for the request, supporting documents (if applicable), and student's signature. If the LOA is due to an unforeseen circumstance (such as hospitalization, accident, etc.), the institution will document the reason for its decision, collect the request from the student at a later date and the start date of the approved LOA will be the first date the student was not able to attend.

A LOA may be requested for reasons that follow with appropriate documentation (if applicable) that needs to be submitted at the time of the leave request. You may take a LOA for military obligation, jury duty, medical/ health condition (student and/or immediate family member), and personal or family emergency difficulty/ financial difficulty. A refund calculation is not performed in the event of a LOA. A student is not considered withdrawn, so a refund calculation is not performed in a LOA.

To be placed in a LOA, the student must not to exceed 180 days in any 12-month period together with any additional LOAs previously granted; otherwise, the LOA cannot be approved. A granted LOA will extend the student's contract period and maximum time frame by the same number of days taken in the LOA. Changes to the contract period on the Enrollment Agreement will be initialed by all parties or an addendum must be signed and date by all parties. There will be no additional charges for a LOA, nor is the student considered to have withdrawn and no refund calculation is required at this time. However, if the student takes an unapproved LOA, fails to return or does not contact the school Financial Aid Department by the documented return date, the student will be considered to have withdrawn from the school as of that date the student began the LOA or from the last day of attendance (LDA). The withdrawal date for the purpose of calculating a refund is always the student's LDA.

GRADUATION REQUIREMENTS

Every student must complete the required number of hours for course completion. Each student must achieve the minimum overall academic average (detailed in the Attendance and Satisfactory Academic Progress Policy) to graduate. Students must complete all required tests and quizzes and complete all required numbers of services/skill demonstrations (as applicable). Finally, to qualify for graduation, all students must have a zero-balance, or have made other pre-approved payment arrangements.

ABSENCES/MAKE-UP WORK

Elite School of Cosmetology does not differentiate between “excused,” nor “unexcused” absences. A student is required to maintain the minimum attendance percentage of attendance during normal matriculation, regardless of the reason for their absence. Make-up work should be scheduled with the student’s instructor as quickly as possible upon a student’s return from absence.

The student’s start month in school will be counted as the first month of the number of hours scheduled each day. At the end of each evaluation period, the school will determine if the student has maintaining at least 66.67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Students can have up to 10% of clock hours in each payment period considered as excused absences. These excused absences do not have to be made up, however any missed hours above the 10% excused absence policy must be made up.

DISTANCE EDUCATION POLICY

During the CoVid-19 pandemic, we will allow students to utilize distance education as of March 23,2020 thru May 31. All students in all programs, will utilize Cengage/MindTap to continue their theory hours. All student hours will be done asynchronously. The students will engage in all theory work online, as they would in the classroom. Test and quizzes are done verbally and recorded on Mindtap. Instructors will reach out to engage with student via email or text no more than every 50 minutes while students are online. Students can punch out in and out through our Zipwhip program. All online hours and assignments are monitored by instructors. Instructors are available during class hours to discuss any issues with the online format or educational material. Students must attend for the same number of hours as normally scheduled per week and an instructor will always be actively available. **Please Note:** Academic achievement earned via distance education may not be accepted for reciprocity or eligible for licensure in other states.

When returning to class, all student will be assessed on what they had completed through distance education. Students that have taken their final exam, will be assessed telephonically after their exam to ensure they have retained and understand the material.

ATTENDANCE AND SATISFACTORY ACADEMIC PROGRESS POLICY

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled in the Cosmetology program whether participating in Title IV programs or not, and is applied to all students consistently and scheduled for a particular category of attendance (part time/full time). It is printed in the catalog and made available online to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the Middle States Association of Colleges and Schools Commissions on Elementary and Secondary Schools (MSA-CESS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Advanced Cosmetology	450, 900 & 1350 actual hours
Advanced Esthetician	375 actual hours
Advanced Manicuring	150 actual hours

ELITE SCHOOL OF COSMETOLOGY CATALOG VOL.III

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

The quantitative element used to determine attendance progress is a reasonable that evaluates on a cumulative basis at the designated evaluation periods throughout the program of study. Students are required to attend a minimum of 66.67% of the hours possible based on the applicable attendance schedule to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. The student's start month in school will be counted as the first month of the number of hours scheduled each day. At the end of each evaluation period, the school will determine if the student has maintaining at least 66.67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for the students to complete each course at satisfactory progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	SCHEDULED HOURS
Advanced Cosmetology (Full time – Day)	90 Weeks	2700
Advanced Esthetician (Full time – Day)	37.5 Weeks	1125
Advanced Esthetician (Full-Time- Eve)	46.87 Weeks	1125
Advanced Manicurist (Full time – Day)	15 Weeks	450
Advanced Manicurist (Part time- Eve)	30 Weeks	450

Please note that students who reach maximum-time frame and have not yet completed all the required graduation requirements for completion of their chosen program may be allowed to continue training until completion on a cash-pay basis but will not be considered making Satisfactory Academic Progress. Also note that a student on an approved leave of absence will have their scheduled graduation date (contracted graduation date) extended by the same number of days approved in the Leave of Absence.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Academic progress is measured on a cumulative basis. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written exam prior to graduation. Students must make up failed or missed test and incomplete assignments. Numerical grades are considered according to the following scale:

A / Excellent	100 - 90
B / Very Good	89 - 80
C / Good	79 - 75
D / Not Acceptable	74 - 70
F/ Failed	69 - 0
Minimum score for satisfactory progress 75%.	

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are making satisfactory academic progress until the next scheduled evaluation. For a student to be considered making satisfactory academic progress as of a course check point, the student must meet both attendance and academic requirements. Students will be notified of any evaluation that may impact the student's eligibility for financial aid.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning status and considered to be making satisfactory progress while during the first warning period. The student will

be advised in writing on the actions to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress and placed on probation, if the student prevails upon appeal of a negative progress determination prior to being placed on probation.

PROBATION

After the warning period students who fail to meet minimum requirements for attendance or academic progress and the student appeals the negative progress determination at the beginning of the probationary period and the institution determines that satisfactory academic standards can be met by the end of the subsequent evaluation period are placed on probation. The student will not be considered to be making satisfactory progress during the probationary period. The student will be advised in writing on the actions to achieve satisfactory academic progress by the next evaluation. If at the end of the probationary period, and if the student prevails upon appeal (see below), the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds, HEA program funds, if applicable, unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the same status of probation.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory progress, the student may appeal the determination in the beginning of the determination. The student may appeal the determination because of death of a relative, an injury or illness of the student or other allowable special circumstances as determined by the school director. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why student failed to meet SAP, what has changed in the student's situation that will allow the achievement of satisfactory academic progress at the next evaluation and why the determination should be reversed and. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If, and only if, the student prevails upon appeal, the satisfactory academic progress determination will be reversed. Students who prevail upon appeal will be determined to have re-established SAP and Title IV will be reinstated if applicable. An academic plan will be designed to allow the student to re-establish Satisfactory Academic Progress.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS

Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period or through the appeal procedure.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll within six months of the original official withdrawal date will return in the same satisfactory academic progress status as at the time of withdrawal, regardless of the time frame.

WITHDRAWN STUDENTS AND EXCLUSIONS

A withdrawn student is one that would leave due to circumstances within their control. Exclusions of withdrawn students are as follows, but not limited to:

- A student withdrawing from the Advanced Manicuring program (Ohio) within the first 30 scheduled days.
- A student withdrawing from the Advanced Esthetics program (Ohio) or Full Specialist program (Florida) within the first 60 scheduled days.
- A student withdrawing from the Advanced Cosmetology program (Ohio) or Cosmetology program (Florida) within the first 90 scheduled days.
- Students unable to return from an approved Leave of Absence due to extenuating circumstances, reviewed by the school
- Pregnancy
- Natural Disaster or Acts of God
- National health Emergencies
- Death

- Religious Missions
- Military
- Disabilities
- Owe a balance to the school

NONCREDIT AND REMEDIAL COURSES

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.

ACCESS TO SATISFACTORY ACADEMIC PROGRESS REPORTS

A copy of the student's satisfactory academic progress report is maintained in the student's academic file.

TRANSFER HOURS & SATISFACTORY ACADEMIC PROGRESS

Please note that students who transfer credit from training previously earned at another institution will have those hours counted as both attempted and completed hours for the purposes of maximum time-frame, and that SAP evaluation periods are based on actual contracted hours with the school.

FINANCIAL AID POLICIES

APPLYING FOR FEDERAL STUDENT AID

Financial Aid is available for those who qualify. Federal Student Aid is awarded on a need basis for each applicant. Need is the difference between the cost of your education (education expenses such as tuition, fees, room, board, books, supplies, and other expenses) and the amount the student and his/her family can afford to pay. This is determined by the standard formula established by the U.S. Department of Education. Need is determined by evaluating the information from the Free Application for Federal Student Aid (FAFSA).

Factors such as income, assets and benefits are considered in determining the student's financial needs.

FEDERAL FINANCIAL AID PROGRAMS

Financial Aid consists of funding provided through federal resources to help cover educational expenses. This funding consists of Pell Grants that do not need to be repaid and loans that have a variety of repayment options. Financial aid is available for those who qualify, and there are different types of financial aid program. The school Financial Aid Department can assist students in determining if they qualify for any of the following types of financial aid:

Federal Pell Grant: The Federal Pell Grant is a need-based federal grant for undergraduate students, and it does not require repayment.

William D. Ford Direct Loan Program: The William D. Ford Direct Loan Program offers low-interest, government-funded loans that include Direct Stafford Loans (subsidized and unsubsidized), Direct Parent Loans for Undergraduate Students (PLUS), and Direct Consolidated Loans. These long-term loans are available to students who are enrolled at least half-time in school.

Direct Subsidized Stafford Loan: The Direct Stafford Subsidized Loan is a need-based loan. The interest rate varies annually and is paid by the government while students are in school at least half-time and during any periods of deferment. Loan repayment begins six months after students graduate, leave school, or drop below half-time status. Recipients must complete entrance and exit counseling.

Direct Unsubsidized Stafford Loan: The Direct Unsubsidized Stafford Loan is a non-need-based loan available

ELITE SCHOOL OF COSMETOLOGY CATALOG VOL.III

to all eligible students regardless of income. The interest varies annually and begins to accrue at the time of disbursement. Students are responsible for paying accrued interest but may choose to defer and capitalize interest payments. Loan repayment begins six months after students graduate, leave school, or drop below half-time status.

Direct Student Loans for Undergraduate Students (PLUS): For students who qualify as a dependent, parents may choose to use the Direct Parent Loans for Undergraduate Students to borrow up to the total cost of their child's education, minus any other aid the child may be eligible for. The loan is credit based, the interest rate varies annually, and loan interest begins to accrue at the time of disbursement. Loan repayment typically begins 60 days after the loan has been fully disbursed.

The school gives the student a 30-day deadline to return the form to the financial office with verification items attached. If verification documents are not submitted by the due date, the student will be placed on a monthly cash pay status until verification is completed.

Any monies due a student who officially or unofficially withdraws from the institution shall be refunded within 45 days of a determination by the institution that the student has withdrawn without notifying the institution. Unofficial withdrawals are monitored every thirty (30) days and a determination is made to withdraw a student who has been absent from school for 14 or more consecutive calendar days; the withdrawal date that will be used in this calculation is the student's actual last date of attendance.
- 3. If a student on an approved leave of absence notifies the school that he or she will not be returning the date of withdrawal determination shall be the earlier of the scheduled date of return for the leave of absence or the date the student notifies the institution that the student will not be returning.
- 4. All extra costs, such as books, student kits, graduation fees, registration/application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the enrollment contract. The total value of the student kit and book(s) will be refunded if kit and/or book(s) are returned unused before the first day of classes in new and unused condition. After the first day of classes the value of the Student kit and books is non-refundable.
- 5. If a program is cancelled subsequent to a student's enrollment, and before instruction in the course has begun, the school shall either provide a full refund of all monies paid or provide completion of the course.
- 6. If a program is cancelled and ceases to offer instruction after the student has enrolled and instruction has begun, the institution shall at its option:
 - a. Provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school; or
 - b. Provide completion of the program; or
 - c. Participate in a Teach-Out Agreement; or
 - d. Provide a full refund of all monies paid.
- 7. A student's account may be sent to collections for nonpayment.
- 8. If the school closes permanently and no longer offer instruction after a student has enrolled, and instruction has begun, the school will make arrangements for students for one of the following options:
 - a. Provide a pro rata refund; or
 - b. Participate in a Teach-Out Agreement.

The following refund table distribution is used for all applicants due a refund. Upon withdrawal, drop or termination, a student may owe tuition or be entitled to a refund based on his/her scheduled hours:

0.01% – 4.9%	20%
5% – 9.9%	30%

ELITE SCHOOL OF COSMETOLOGY CATALOG VOL.III

The school participates in federal financial aid. Please refer to the following refund policy for specific consumer information pursuant to the federal financial aid program.

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal Title IV aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws at any point during the payment period. If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

Official Withdrawal Process: If a student wishes to withdraw from school, they must notify the Financial Aid Leader of the school. The notification may be in writing or orally. The date the notification is received is the date of determination. The Financial Aid Leader must begin the withdrawal process.

Unofficial Withdrawal Process: For unofficial withdrawals, a student's withdrawal date at a school that is required to take attendance is their last day of physical attendance. The date of determination is 14 days after they cease attendance.

In both cases the last day of attendance will be used in the return to Title IV calculation.

The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, and Direct Loans or Direct PLUS Loans during the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before the 50% point of time. After the 50% point of the payment period (or period of enrollment depending on what the school uses) the student is considered to have earned 100% of the aid for the period. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%.

The percentage of the payment period completed is calculated by the hours scheduled in the payment period as of the withdrawal date divided by the scheduled hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date.

Post Withdrawal Disbursement: If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first, if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account. The authorization is required to be sent to the student within 30 days of the date the school determined the student's last date of attendance.

Credit Balance: If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 calculation was performed. The overpayment must be eliminated prior to offering a credit balance to a student.

The following Title IV return distribution is used for all FSA students.

- Unsubsidized Direct Loan
- Subsidized Direct Loan
- Direct PLUS Loan (Parent)
- Federal Pell Grant

Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination (unless the school uses less days based on a state, accrediting agency or institutional requirement).

The law requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

ELITE SCHOOL OF COSMETOLOGY CATALOG VOL.III

Overpayment of Title IV, HEA Funds — Any amount of unearned grant funds that you must return is called overpayment. The amount of grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. A student who owes an overpayment remains eligible for Title IV, HEA program funds through and beyond the earlier of 45 days from the date the school sends a notification to the student of overpayment, or 45 days from the date the school was required to notify the student of the overpayment if, during those 45 days the student:

- Repays the overpayment in full to the school.
- Enters into a repayment agreement with the school in accordance with repayment arrangements satisfactory to the school; or
- Signs a repayment agreement with the Department, which will include terms that permit a student to repay the overpayment while maintain his or her eligibility for Title IV, HEA program funds.

Within 30 days of the date of the school's determination that the student withdrew, an institution must send a notice to any student who owes a Title IV, HEA grant overpayment as a result of the student's withdrawal from the school in order to recover the overpayment.

If the student does not repay the overpayment in full to the school or enter a repayment agreement with the school or the Department within the earlier of 45 days from the date the school sends notification to the student of overpayment, or 45 days from the date the school was required to notify the student of the overpayment.

At any time, the student fails to meet the terms of the repayment agreement with the school:

- The student chooses to enter into a repayment agreement with the Department.
- The student who owes an overpayment is ineligible for Title IV HEA program funds.

You must make arrangement with the school or Department of Education to return the amount of unearned grant funds.

ADVANCED COSMETOLOGY PROGRAM DESCRIPTION

SANITATION / BACTERIOLOGY I (SB101) - Hours 60 / Services 0

Students will learn that one of the most important aspects of proper sanitation is the cleanliness of all instruments and work areas. The habits the students form in this aspect will be especially important, as they will affect the health and wellbeing of the clients and themselves. The proper procedures to follow for the sanitation and cleanliness of the work environment are part of the chapter entitled Bacteriology, which is the science that deals with microorganisms.

The students will be required to complete the AIDS / HIV four (4) hour program and pass an examination before graduating. The school will provide this program, or the student may obtain it in another center that is approved by the State of Ohio. The subject to be completed in this program covers the difference between HIV and AIDS.

SCALP CARE (SC101) - Hours 120 / Services 0

The students will learn to define the theory of hair formation, growth, structure, parting, and color. In addition, the students will learn the techniques of services such as washing, massages, hair care and evaluating common problems such as hair loss, dandruff etc. The students will be given the knowledge of the different products and manipulations. There are legal rules and regulations in place for the practice of cosmetology (code of ethics). Ethics is described as the philosophical study of moral values, rules and principles depicting what are right and wrong concerning proper conduct in business. Proper etiquette will ensure that your clients, coworkers, and superiors will come to appreciate you and will treat you the same way. This way of conduct will take you extremely far and will help enormously in your success.

The students will receive a detailed description from their instructor of the functions and objectives of each instrument such as: razors, perm rods, setting rollers, scissors, thinning shears, electric clippers etc.

HAIR I (HA101) - Hours 440 / Services 170

The students will learn proper hair maintenance and the objective of the wash, the frequency, the products designed for each type of condition or alteration, the infectious diseases, manipulations, rules and regulations, water's chemical composition, shampoos and the procedures to follow with different types of chemicals. This is a very satisfactory service for the client if it is done with professionalism.

As professionals, we will ensure that the students comprehend the individual needs of each client based on their age, personality and lifestyle and learn to use these aspects to work with the natural or artificial texture and the disposition of each client's hair. A hairstyle for a certain individual may become their most descriptive characteristic, marking their personality, and proclaiming their identity.

This chapter will cover three important parts of hair styling: the styling of wet hair, the styling of short hair and the styling of long hair. These techniques include symmetry and proportions, and the use of handheld hair dryers, brushes, curling irons, finger styling, rollers, braids, etc.

Hair design decisions are based on the consideration of the facial proportions, consultations with the client and the students' understanding of style compositions. Hair styling design follows the same basic artistic concepts as any other form or art, only it is applied to the hair. The three principal elements are form, texture, and color. In creating and completing a design, none of these elements should be ignored.

HAIR II (HA102) - Hours 500 / Services 105

We will ensure that the students at the end of this chapter will be capable of defining color and its laws as well as identify the natural level, tones, and intensity of the hair. Additional considerations will be given to texture, diameter, and porosity of the hair since these will influence greatly in the absorption of the color and the timing of the procedure.

The students will also be trained in the technique of coloring of the hair and the categories of different products. They will also become familiar with other techniques associated with hair coloring such as highlights, consultation with the client, promotions and sale of services, discoloration terminology and problem of discoloration of the hair and its solutions. In the end, all these techniques will make the student a solicited and highly qualified stylist.

Our goal in this chapter is for the students to learn how to explain and demonstrate the theory and the fundamental procedures associated with a perm and the creation of a curl. This is a chapter where the chemical aspects are translated into the student ability to create a perm or to straighten the hair for a client. This technique produces great chemical changes in the hair that will offer new options for haircuts and styles for the client. The students will be capable of identifying the different types of perms, the chemical contents of each, and the methods of application as well as different methods of hair curling, positions and patterns for perms, rinses, the different categories of curls and their advantages and the general elements necessary for the job.

MANICURING & PEDICURING PROCEDURES & PRACTICES (MN101) - Hours 120 / Services 18

In this course the students will learn the theory of nails and to describe the structure, growth, diseases and conditions associated with the nail and to explain and demonstrate learned services for the care of artificial nails such as prevention of infections. The students will also learn pedicure and massage techniques.

SKIN CARE (SC102) - Hours 90 / Services 10

This course is designed in accordance with the regulations and requirements of the State of Ohio to obtain the license of "Facial Specialist." In this program, the students will learn to define the composition, function, types of skin, the difference between skin disorders and skin disease, and the steps to follow during a facial treatment, including massage, makeup application and hair removal.

ARTIFICIAL LASHES/EXTENSIONS (SC104) - Hours 8 / Services 5

In this course, the students will learn how to apply strip lashes and extensions. Students will learn the proper techniques and procedures on applying lashes.

FACIAL MAKE-UP (SC103) - Hours 22 / Services 10

The student will learn the different designs and tendencies of makeup related to fashion, clothes and hair; plus, the artistic concept necessary to visually alter characteristics through application of lighter and darker tones. They will be trained in the elements needed for technical makeup and products, and the inspiring and exciting possibilities that exist in makeup design.

COMMUNICATION SKILLS (CS101) - Hours 120 / Services 0

The students will learn the operational side of managing a salon, managing employees schedules and performances, making sure that salons are profitable. Learn the artistry of sales in a salon. How to perform proper client consultations to properly give service.

LAWS AND RULES, I (LR101) - Hours 20 / Services 0

The students will learn to establish and describe the different types of property, structure, function, and requirements necessary to run a successful business. The laws that govern the activities of all cosmetologists as set forth by the cosmetology society and its composition. The difference between cosmetologists and specialists. The requirements for license renewal. The penalties for different infractions. The security and health requirements of a beauty salon and, in general, all the laws and rules established by the Cosmetology Board in the State of Ohio.

ELITE SCHOOL OF COSMETOLOGY CATALOG VOL.III

The students will prepare for the state board examination. The student will review previous chapters and take practice tests.
